**We are especially interested in recruiting 'block captains'.** The primary responsibility of these individuals is communication. They will be assigned to coordinate communications with 8-10 of their immediate neighbors. Before a storm they will determine who will stay in their homes and what special needs they may have. After a storm, block captains will check on those homes and report their findings to the disaster preparedness committee.

**Would you be willing to serve as a block captain? Yes \_\_\_ No \_\_\_**

*Thank you! We greatly appreciate your participation and support!*
